

NEW CLUB HANDICAPS FOR 2019

Beginning this season all members will have a **CLUB HANDICAP** which will be based only on play in the association outings. Your initial **CLUB HANDICAP** will be posted on the **NNSYGA** web site prior to the first outing of the year and has been calculated from your play during association outings over the last two years. Your **CLUB HANDICAP** will be determined using the same methodology as currently used by the USGA with the provision that at least five outings must have been played in the last two years. Handicaps will be revised after each association outing and prior to the next outing.

The **CLUB HANDICAP** will be utilized for both the President's Cup and Brumby Bowl competitions.

For anyone wanting to maintain a USGA handicap and no cost, there is a web site on the Internet (www.thegrint.com) which provides the service. Also, to facilitate re-establishment of a USGA handicap you will be provided, upon request, a listing of your last twenty rounds in the NNSYGA database.
